

2016 CLASS SPECIFICATIONS

13929 State Route 118 New Weston, OH 45348
gates 9:00 / driver meeting 11:15 / racing 12:30
for info: LarryB@EldoraSpeedway.com
Facebook: Little Eldora Speedway
www.EldoraSpeedway.com (under SCHEDULE tab)

Our intent is to create classes of sufficient size, to promote and enhance the spirit of competition. This will require continual trial and error experimentation. We will endeavor to test the various weight/plate structures at each race meet in an effort to come up with a competitive balance. Please bring weights with you. Specifications may be subject to changes upon proper notification.

- n. 2016 AKRA engine specs on Clone classes. 2016 WKA engine specs on Flathead classes.

These specifications have been prepared by Little Eldora Speedway and its officials as guidelines for go kart racing at Little Eldora Speedway. No express or implied warranty of safety shall result from publications of, or compliance with, these rules. They are intended as a guide, and are in no way a guarantee against injury, or death to participants, spectators or others. Anything not covered by these guidelines **must be approved** by the track promoter, or his assigned technical steward. These specifications are intended to be in effect throughout the 2016 go kart racing season at Little Eldora Speedway; however, continuous development in go kart racing and technology may necessitate changes in these guidelines and management reserves the right to change them at any time.
