ADDITIONAL NOTES

GENERAL TIRE INFO:

Tires may be buffed, grooved, sanded, and siped. There are no tire quantity restrictions.

Per Eldora track rules, there are no courtesy laps for flat tires and series/track officials do not pull fenders (EIRI). Intentionally causing a yellow flag when a tire is not flat will be a one-lap penalty.

Alteration of the factory compound from the manufacturer is prohibited and will be enforced per the DIRTcar rulebook*

TIRE TECH:

All cars must pass pre-race Tire Tech for compound and size check prior to any on-track competition. This includes prior to Multi-Car Qualifying.

Any car changing a tire after passing Tire Tech and crossing into the Staging Area – identified by the yellow line painted on pit road across from the flagstand – forfeits their original starting position and must return to tire tech. The penalty will be no less than starting at the back of the longest line.

PIT ROAD & STAGING AREA:

Any car that has crew members ride, mount or manipulate the car between Tire Tech and the Staging Area – marked by the yellow line painted on pit road – or has crew members ride, mount or manipulate the car when staged is subject to penalty by Eldora Speedway and DIRTcar officials on the first offense. A second offense will result in disqualification.

No fueling of any kind is permitted in staging. Any car violating Pit Road and Staging Area rules forfeits their original starting position. The penalty will be no less than starting at the back of the longest line for the original start. Repeat offenses will be penalized accordingly.
